Rose Rosetree’s simple advice regarding common astral-level problems can absolutely make life easier. Of course, I really enjoy all the practical applications she gives, like astrally detailing your car.

She touches on areas where few people have gone before. A must read for anyone looking to lighten up their lives by getting rid of old baggage.

As a professional psychic, I have learned (the hard way) that cleansing my aura and my spirit is essential for me to live a calm and healthy life.

Unfortunately, the very act of being psychic means that we pick up a lot of other people’s energy. All psychics need to learn to keep what is energetically ours and let go of what is not.

The beauty of Rosetree’s book is that she gives concrete, simple and usable methods for doing just that. I highly recommend this book to anyone who does — or wishes to do —intuitive and healing practices.

New help for living a healthy spiritual life! Once again, Rose Rosetree has articulated something we wouldn’t have become aware of otherwise. In her latest book, Rose enables you to heal yourself using clear, easy techniques.

After you try them, you’ll wonder how you managed without them.

Author of *Answers from Silence*

Here in Chicago I have helped thousands of clients as a hypnotist, so I know what a difference it makes when problems at the subconscious level can be released. Never before did I consider that this subconscious level is equivalent to how human beings experience what is metaphysically known as “The astral level.” I think Rose has made a major discovery for healers with her perspective on astral-level problems like ghosts and psychic coercion. Her techniques for removing them are practical and easy to learn.

— Larry Garrett,  
Author of *Healing the Enemy*

Learning to manage our psychic life is not just a necessity for those of us who happen to be more intuitive and sensitive, but also for every human being. Of course, that requires us to maintain a clean and healthy psychic space — in the same way that if we expect to do well physically, we would need to take care of our bodies.

*Use Your Power of Command for Spiritual Cleansing and Protection* by Rose Rosetree offers psychic tools and step-by-step guidelines on how to apply them in your daily practice of maintaining your inner spiritual space.

Rose provides easy-to-follow instructions for each of the healing tools, simple enough for a beginner yet powerful and effective for experienced practitioners. Her intention to empower readers shines through the tongue-in-cheek humor sparkling throughout this book.
